1. Call to Order

Mayor Daniel Drew calls the meeting to order at 7:00 PM and invites the Serra family to lead the public in the Pledge of Allegiance.

The Chair welcomes everyone to the Regular Meeting of the Common Council, especially the family of Councilman Thomas Serra. He also welcomes the students from the DECA program at Middletown High School and the student council members from Woodrow Wilson Middle School. He explains that the middle school students are attending as part of the Mayor for a Day Program, which has been running since the 1960s. He notes that several members of this Council participated in this program when they were students at Middletown High School. The Mayor for a Day Program is coordinated by Middletown teacher John Geary. The students are here today and will return tomorrow to shadow department members and for a mock Council meeting. The Chair asks the middle school students to introduce themselves. The Chair notes that they all serve on the student council at Woodrow Wilson Middle School. He adds that his daughter is vice-president of the class and will shadow him d

The Clerk reads the Call of the Meeting and the Chair declares the call a legal call and the meeting a legal meeting.

2. Accept/Amend the Agenda

The Chair asks for any motions to amend the agenda.

Councilman Sebastian Giuliano moves to amend the agenda, adding Item 11I, a resolution from the Tax Office/Finance Department, accepting the FY18-19 Suspense Report. He also asks to waive the rules for Item 3A to allow the public to CommNet during the presentation honoring Councilman Thomas Serra. Councilman Philip Pessina seconds the motion. There being no discussion, the Chair calls for a vote. The Chair states that the matter passes unanimously by a vote of 10 to 0. The motion is approved.

3. Presentations and Related Resolutions

A. Resolution: honoring Thomas J. Serra, Councilman and Former Mayor

APPROVED BY ACLMATION

RESOLUTION No. 36-10 K: review/resolution/CC memorial Tom Serra RES 36-10 – 3 June 2019

Thomas John Serra
Middletown's Native Son
April 14, 1946 – February 9, 2019

WHEREAS, Thomas John Serra is Middletown's native son. A life-long resident, most people knew Tom from his public life, as a scholar-athlete, a teacher, a coach, a school administrator, educator, a lifelong communicant of St. Sebastian's Church, and an elected official with nearly five decades of public service to the community he loved so well; and

WHEREAS, first and foremost, Tom was devoted to his family. Growing up in the North End, his character and spirit were forged by his parents, Concetto ("Connie") and Marian, as well as his siblings, Joe, Loretta, and Joy. As a young man, his heart and soul ultimately belonged to his beloved wife Maryann, to his sons Jason and Christopher, and to their respective spouses, Jill and Amy Lynn. As family grew, Tom became "Grampy," who adored, and was equally adored by, his five grandchildren: Luca, Marco, Brayden, Matteo, and Caylee Ann. Tom was an example to all, as he balanced the responsibilities of husband, father, grandfather, educator, and dedicated volunteer in both church and in civic service, working by blending pride and humility; and

WHEREAS, having excelled academically and athletically as an All-State football player, and having earned multiple varsity letters at Middletown High School, Tom continued his studies at Eastern Connecticut State University, earning his Bachelor of Science in Education in 1970, Masters of Arts in Education in 1972, and, subsequently, the University of Connecticut, earning a 6th Year Certification in Advanced Graduate Studies in Educational Administration in 1978. A lifelong learner, in 1987, Tom earned a Certificate of Completion for the Cooperating Teacher Program, and, in 1991, completed the Assessor Training. While pursuing his education, Tom also worked as a carpenter, a proud Union member in the United Brotherhood of Carpenters Local #24 from 1965 to 1995; and

WHEREAS, over a 33 year career as an educator, Tom was a mentor to countless young people, who were embarking on the road to adulthood. From 1970 to 1989, he taught English, beginning at St. Thomas More Preparatory School, and subsequently at Tolland High School, East Hampton Jr. High School, and, ultimately, joined the faculty of Connecticut's Technical Education & Career System at Vinal Technical High School. From 1989 to 1993, Tom served as Assistant Principal at Vinal Technical High School. In 1997, Tom was appointed as Principal of Vinal Technical High School, serving until his retirement in 2003; and

WHEREAS, prompted by his love for our community, in 1973, while working as an educator and in summer as a carpenter, Tom stepped up and became active on City boards & commissions, devoting countless hours over nearly five decades. In 1979, Tom was elected to the Common Council. He held various Councilmanic positions, including Majority Leader and Deputy Mayor, and has also served on various Councilmanic Commissions and Committees. Tom was elected Mayor of the City of Middletown, serving 1993 to 1995. In 2015, following his retirement from Vinal Tech, Tom returned, re-elected to the Common Council, and held leadership positions on Councilmanic Committees and Commissions. In 2019, at the time of his passing, Tom was serving as Majority Leader, as Chair of the Mattabassett District Regionalization Building Committee, and as Chair of Finance & Government Operations Commission; and

WHEREAS, Tom's calling was public service, as an educator and as an elected official. He was involved with the Middlesex County Chamber of Commerce since 1997, sitting on various committees including Manufacturing Committee, Sports Committee, Scholarship Committee (Chairman), Business Education Advisory Council (Vice-Chair), and the Board of Directors. His civic involvement extended to service as President and Board Member of the Middletown, Connecticut Sports Hall of Fame, Vice-President of the Saint Sebastian Parish Council, a member of the Eastern Connecticut Alumni Association, including recipient of the Distinguished Alumni Service Award in 2011. He was a member of the Italian American Civic Order, University of Connecticut Alumni Association, BPOE Elks 771, Knights of Columbus, The Italian Society, Fraternal Order of Eagles, Connecticut Constables Association, Connecticut Polish National Home, Holy Name Society, Polish Falcons, and Kiwanis; and

WHEREAS, over the past year, despite a major health challenge, Tom persevered as Middletown's native son, an example of selfless commitment to others, always fully supported by his family and friends, his faith, and the community he loved so well.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF MIDDLETOWN: On behalf of the people of Middletown, we salute Thomas John Serra for a lifetime of civic involvement. His life is a testimony to his character and selfless devotion to Middletown. Tom was a true American citizen volunteer and community patriarch. We extend our sincere, heartfelt thanks for a life well lived in service to, and with unconditional love for, his family, friends, and this community.

The Chair calls on Councilwoman Mary Bartolotta and Councilman Sebastian Giuliano for this resolution.

Councilwoman Bartolotta and Councilman Giuliano invite the Serra family to join them at the podium. Councilwoman Bartolotta and Councilman Giuliano read the resolution in its entirety.

Councilman Giuliano moves for unanimous consent. Councilwoman Bartolotta seconds the motion. The Chair states that the resolution is approved by acclamation

The Chair opens public comment on this item at 7:10 PM. He invites members of the public to speak, asking that they state their name and address for the record and limit comments to five (5) minutes.

State Representative Joseph Serra: Tom Serra was “his kid brother.” He watched him grow over the years, mentored him in sports. When Tom was sick, he was always concerned about Middletown. He adds that after he speaks, he has to go back to Hartford for the budget vote, adding that he knows that the \$4M is important to Middletown. As a courtesy to him, both sides of the aisle are holding the vote open. This happens because, in this business, be nice to everybody. They have to know where you stand on issues. He says this, noting that it will bring everyone a little smile, is that you knew where his brother stood on issues. You didn’t need to agree with him, but you knew where he stood. When it came to the \$4M, Tom was haunting him, even when he was sick. He would tell Tom not to worry; they would take care of it. That vote will happen tonight and the taxpayers of Middletown will be happy especially since that \$4M is included in setting the City budget. Without that, he is not sure where we would be. He shares a couple of stories. As sick as he was, he was taking a bit of morphine to dull the pain, noting that people, who played with him and against him, know that he was tough customer. He recounts that his eldest daughter ran into someone and that person remarked that they saw her father jogging. His daughter quipped that, if they saw her father jogging, then a dog was chasing him. She added that they saw her uncle. As much as Tom was in pain, he recounts that he saw a little smirk on his face, knowing that he wouldn’t be jogging. He thanks everyone for their love and support for Tom over the years, especially when he was ill. Tom appreciated all of the calls when he was sick, even though he didn’t take them all because, sometimes he didn’t feel well. Tom was a proud man, recalling that they all knew how he dressed when he came to Council meeting. He believes that Tom didn’t want people to see him not feeling well. He reminds the Council that he has to leave to get to Hartford. He thanks everyone for their love and support for his brother.

There being no further public comment, the Chair closes the public hearing at 8:16 PM

The Chair invites Maryanne Serra and her family to the podium.

Maryann Serra: It is not an easy evening; it’s tough. She kept thinking about what to say. She thanks the Mayor, the Councilwomen, the Councilmen, and the Council Clerk for honoring her husband tonight. Tom gave ½ a century of service to this community that he loved so dearly. She offers a historical correction to the Mayor regarding the *Mayor for a Day* program. The program started in the 1960’s, but it ended. Tom didn’t know why it ended. When Tom became Mayor he got it started again because he knew how important it was to have all of the young people shadow the officials, noting that the young people are our future. She encourages them to think about public service because it is so important.

She drove Tom’s car tonight and parked it in the City hall lot. She feels Tom in this room because he was Middletown. She got a card today, adding that she is getting cards from people every day. This card directed her as to what to say tonight. It reads:

On the loss of your husband. No one else can comprehend the sadness in your heart. You knew this man completely, others only knew in part. Yet love and hope remain as bright, as they have always been. A light of strength and courage shines as always deep within.

She does not share the person’s name because she didn’t ask permission, but the note in the card reads:

Though no one else can lift away the grief you’re going thru, others want to honor all your husband meant to you. I still cannot believe that Tom has passed. He meant so much to me as a friend and a co-worker and boss. My heart breaks for you and your family.

The part that you don’t know about Tom is the last 10 months of his life. It defined his character because he was strong beyond anything she could imagine a human could be. Herculean. Doesn’t even define it. He was in bitter pain Memorial night a year ago and that’s when their journey began, on Memorial Day. Tom was diagnosed the following month and he said to their boys, you have to deal with the hand you are dealt. You have no choice. So you play it the best you can and he did just that. He never complained. He never said, “Maryann, I’m in pain,” but she could see it in his face. She would ask if he needed something and he would say, “I think so,” and she would get whatever he needed. It was tough because every pleasure that we have every day was taken away from him. He couldn’t eat. He couldn’t drive his car. He couldn’t sleep. He had to ice packs and heating packs – on and off, on and off – sometime on his stomach, sometimes on his back, but he never complained.

He loved his grandchildren so much. He was so happy that he got to meet Caylee before he passed. Caylee is 9 month old born August 20th and Tom nicknamed her his “Cheeky Girl” because of her cheeks. She is as sweet as can be.

Tommy became very agitated in the Spring. She asked him what was that matter and he said that the City budget is coming up. He said that he should be doing some work on it. She told him that he can't and he replied, "I know." Tom bugged his brother Joe unbelievably. He depended on certain people every year to work on the budget. He would call the Finance Department and he knew he could get straight answer. Diana Doyle, Carl Erlacher, Tina Gomes were a huge part in putting together the City budget. She had to listen to all of it, adding that she could probably do the City budget. Tom was a maestro with the City budget. He knew where to take out, where to put in, what you can't touch, where you need to pad. He worked with his brother Joe. Paul Doyle was huge in helping to bring home the bacon along with Matt Lesser. Tom would never forget how they went up there and fought. They had no choice because he kept bothering them.

Two weeks before he passed away, he said stood up and said, "Come on. You're taking me for a ride." We went for a ride to see Palmer Field. She helped him into car and they went to Palmer Field. He got out and said, "Come on." He was walking faster than she was. He went out there and look at Palmer Field and then looked at her, saying, "Pretty nice, huh." She said, "Tommy, it's beautiful." Tom replied, "It's just what I had planned. You know, Maryann, this is for the kids." She replied, "You did everything, everything for the kids." "Okay, come on." "Where are we going now?" "Pat Kidney Field." He looks around and says, "Pretty nice." She replies, "It's beautiful." Tom said, "This is what I envisioned. The kids will have a great experience out here. She replied, "I know they will." It was always, always about the kids. He wasn't done, she was the chauffeur. He said, "On, Maryann, to the Veterans' Building." He just wanted to see it again, one last time. Veterans were very important to Tom. He said, "All of the goodness that we have in life and the freedoms that we enjoy would not be here had it not been for all of the sacrifices of all of those veterans and I'm so glad that I had a part in helping them in some small way." When Tom did something, it wasn't small, it was huge, but he considered it to be very small.

We knew that he wasn't going to make it on December 21st because the doctor told us that he couldn't operate on Tom. He had a few months to live. That was tough. The doctor was going to send an oncologist in. This was in Boston. Tom didn't flinch. He looked at him and said, "How long?" The doctor replied, "Two, maybe three months." Tom said, "I just want quality time with my family." The doctor replied, "That you will have, as much as possible." The doctor left the room. It was the four of us: Christopher, Jason, Tom, and me. Tom said, "I want you to swear to me that you will not tell anyone what you heard today. Christmas is coming and we don't want to ruin their Christmas." He was always thinking of everyone else. We said, "Okay. We won't tell anyone." The boys ask if they can tell their wives. Tom said, "Listen. I told my wife everything. You can tell your wives, but they cannot tell anyone else." They agreed to it.

The oncologist came in and said, "Tom, don't give up hope because there is always hope. We have a study we can put you in." Tom replied, "Okay." The doctor continued, "It requires a bone biopsy, and we need your need permission, but, you never know. We are going to grown an organoid." I didn't know what an organoid is. I thought they were giving him a whole new organ. That is not it. They grow the tumor and see the best way to attack it, to find an effective cure. Tom's question was, "Will this help anyone else?" The doctor said, "Yes, it could help other people thru this research." Tom replied, "I'm in."

Right to the end, we did have some quality time together, some cozy time together. Mrs. Serra explains that this isn't easy; that she is trying to keep it together.

She asks everyone to look behind her, noting that the Serra name will never die.

Mrs. Serra states that they have four (4) boys and finally got their little girl, their little princess. Her name may change some day but the rest are Serras thru and thru. Serras are made of a fabric that not many people are made of. Tom was a Middletown Tiger. He was a warrior right to the end. Thank you.

Christopher Serra: Hearing his daughter yell reminds him of something that his father said to him: "When you were born in the in delivery room, all you did was scream. And the doctor jokingly said, "Would you shut that kid up." He adds, "That's where she gets it from."

He thanks the Mayor and Common Council on behalf of the Serra family for allowing them to heal a little bit, adding that they will never fully heal. He thanks the Middletown community for the way they poured out to their family, allowing everyone to see what Middletown is made of, by coming to the wake and funeral to pay tribute to a man, who dedicated his life to their family, the community, and to the State of Connecticut. Middletown is a very special community.

He explains that his dad was upset that both boys moved out of town, but they both also have plans to come back someday because he started a legacy here and they, too, plan to contribute, to carry on his name. That is one thing their Dad said when he found out that he wasn't going to live much longer. Their Mother stepped out of the room. His Dad looked at him and he looked at his Dad. He started to bawling, but his Dad was strong, adding that he never saw his dad cry once. His Dad told his sons that they are his legacy. The amount of responsibility that that inured on him is something that he cannot explain. At first, he didn't know what his Dad meant. He knows that his Dad meant to be a good person; to do what you need to help people. People will say this and that and judge, but, when all is said and done, if you make your decisions based on helping other people and to the best of your ability, while you may make some mistakes, but people will know where you stand and that you are there to help others. That is why he knows, as well as the community and the Council, was that the Serra family started an annual golf tournament and their Mother started a scholarship fund from the funds contributed in lieu of flowers. They

will be using these contributions. The plan for the scholarship is to do \$1,000 for a Middletown High student, which was handed out last week, and \$1,000 for a Vinal Tech student. They want to build up that account so that when a student/athlete or a student is on need – of sneakers or school supplies -- they can apply to the committee or funds. He notes that he and his brother have come across many students, who are in need. They know that they are fortunate to have loving parents and a great role model in both their father and Mother. They believe that it their duty to help those students duty to help students, who might need some help. From the bottom of their hearts, thank you for giving us this time to speak about their Father, to honor their Father. The process of what their Father went thru, noting that he tried every avenue to heal, to get better just like he tried every avenue to figure out any problem. He didn't give up. He notes that his Father always respected every single one on the Council for their public service, noting that he didn't agree all the time, but that's life. He respected everyone because they all gave tier time, away from their families to better the community. Wherever they may go in this world, for everyone in their family, they love the City of Middletown. Thank you.

Jason Serra: He explains that he will be brief since he spoke a few months ago, thanking everyone. He is the Assistant Principal at Middletown High School, which is an honor. Every day he works with the students, trying to help them better themselves. He explains that whenever he is working on a situation at the High School, who comes into his mind: hid Dad. By following his Dad, walking the halls with his Dad at Vinal Tech when he was little, he saw his Dad deal with things, talk to different people. His Dad always comes to mind. He explains that this has been very tough since he has never lost anyone close to him before. For those who have lost someone close, you know how their family feels right now. It's tough, especially looking up there (the dais) and seeing that he is not there. They appreciate being given the time to talk about their Dad, to honor him. On behalf of the Serra family, thank you from the bottom of their hearts, adding that their Dad misses all of you, everyone one of you. Thank you.

The Chair invites Councilmembers to speak. He calls on Councilman Robert Santangelo.

Councilman Santangelo says that it is wonderful to hear Chris, Jason, and Maryann speak. He knows how Tom loved them as they go back a number of years. His history with Tom goes back: this is the 55th anniversary of their High School graduation. This is how far back their personal history goes. When you talk about Tom . . . there are few of their Class of 1964 classmates here tonight to honor Tom. That's the kind of person he was that they would come out 55 years later. He recounts what Joe Serra said earlier: that if you wanted to talk about Tom, it would take more than 5 minutes, probably more than 5 hours to share all the stories about Tom. The one thing Tom made him promise is never tell Chris and Jason what he was when he was young. Those stories go to the grave with him. As his wife, Maryann, said, Tom was a Tiger and a warrior. As Joe Serra said, Tom was tough; he was a leader on the football field. He was leader with all in the group when they hung around. He had a special quality: he always cared about others. One story he recalls is about a girl, who was very tall and very awkward. People made fun of her. Tom said "no way." He would never allow that and made sure that she was treated with dignity and respect. That's how he treated everyone. That's what he was about: dignity and respect. Even when having fun, he did it with a lot of class. There are a lot of stories with a history over 60 years. Knowing someone that long is even longer than Maryann. Tom picked a good wife, adding that he knows because Tom told him many times. It was a special relationship from all Maryann said and the boys said. All you said is correct. Tom will always be in our memories. He was a great friend. He is glad to hear that the boys are coming back to Middletown since the City can really use them. He adds that Jason is giving to the community just as his Dad did, which is wonderful. He won't tell the stories tonight, but Tom was a great friend and a true friend.

The Chair calls on Councilman Eugene Nocera.

Councilman Nocera thank you the family and everyone for being here tonight. It is a great honor to be associated with Tom. No words can adequately describe the credit that Tom has bestowed on this community for so many years, in so many ways, and in so many roles. He recounts that he got to know Tom, noting the he has known Tom all of his life, but, when he became Board of Education Chair, after 5 PM Mass at St. Sebastian, they were walking out and waving. Tom called to him, "Chairman, you and I have to meet on the budget." As Maryann said this was a man who was always thinking how to benefit the City in so many different ways. He was always thinking how to do things better. They met for a glass of wine at a local restaurant. Tom was very respectful of the Board's potion on the budget. He listened well. He understood where the Board was, as an educator. He had another role to play: to find common ground to find a reasonable budget, something which has caused Councilman Nocera to respect Tom for that always. He is proud to have served with Tom Serra on this Council. He recalls Tom, in so many different ways, would always say our family is our life. He always put family first.

The Chair calls on Councilman Philip Pessina.

Councilman Pessina states that he knew Tom in a different way. When he was a sophomore going out for football, Tommy and some others, including Teddy Isaacson and several others. To him, Tom was a leader. Councilman Pessina recounts the he was just a young guy, 160 lbs., going against these guy. After they got hit, Tommy came to check, asking, "Are you okay, Phil?" Tom was always teaching, teaching on the football field. Little did he know that later, when he had the humble opportunity to become a Middletown Police Officer, that Tom would play such a pivotal role for him. In all his position, Tom was one of the top three mentors in Councilman Pessina's life. He always talked about the issues. He cared about the Police department, its men and women, about him as an individual police officer. We can go on and on. One of the most honorable moments. He is in his 19th year of volunteer coaching the

Middletown Dragons. Tom, as sick as he was, in his last few months last Fall, Phil would call Tom after each quarter of every football game. Tom waited for that call; he waited to get the score. Since they had a pretty successful season, Tom would ask about the other team, if they had scored. He jokes that Phil should tell Coach Morello that was one too many, one too many goals. That is how he loved that team. When Councilman Pessina was elected to the Common Council, Tom told him that it was Tiger Pride. It didn't matter if someone was a Republican. Tom knew that he was a community politician. Tom Serra was a great man. And Councilman Pessina looked forward to seeing him on the Council. He recounts that Tom would say, "Phil, Tiger Pride. Keep doing what you're doing. Work hard and help people." That is what we all try to do, not for credit, but to follow in a mentor's footsteps. Tom was a close friend and Phil would never let him down. When Phil visited and brought vanilla ice cream, Tom smiled and stood up. He showed, as he counted the steps, that he could walk in his living room so he could get enough exercise. Who would do that? It was amazing. He was inspired, adding that, someday, when his own time comes, he might be as strong as Tom Serra. He loved Tom.

The Chair calls on Councilman Grady Faulkner, Jr.

Councilman Faulkner notes that he did not grow up in Middletown so he has been out of sorts, but never with Tom. Tom was a great man and everything said here is true. He knew Tom up close as Mayor and swore him in to sit on the Youth Services Committee. Councilman Faulkner recounts that he was passionate about young people, so it was a good position for him. At that time on that Committee, the City got a Youth center for these kids. Reluctantly, he recalls that he was asked to come on the Common Council. The most important conversation he ever had was with Tom Serra, who insisted that, when on this Council, I vote my conscience and the way that he came up with how he was voting, not to let anyone else tell him how to vote. It was refreshing and reassuring; it gave him confidence. He never had fear as to how to vote. The last memory he has: he was walking out of this building in early February and he got a call. He looked at his phone and it said "Tom Serra." He answered and Tom called to make sure that Councilman Faulkner got his check and his ad to go into the Martin Luther King Scholarship Committee Fund and that his ad would be in the souvenir book. Tom said to let him know when they got it because he didn't have it yet. Tom asked him to make sure to call back to let him know that he got it. Of course, he did as the man said, he was a great man and a great mentor. He thanks the family for sharing Tom with them.

The Chair calls on Councilman Sebastian Giuliano.

Councilman Giuliano states that there is not much any one of us can say that can add to what Maryann, Jason, and Chris Serra have already said. There is one story he would like to share. Tom said his original plan was to go into the legal profession -- to be a lawyer -- which is what he started out doing. At Eastern, he had to do student teaching as part of the requirements and it changed the course of his life. Councilman Giuliano states that, had Tom gone to law school, he would have been a terrific lawyer, but what a loss it would have been to the rest of us. By choosing the course he chose Tom had such an impact on the lives of so many young people in Middletown that you cannot count it. Everywhere you go, you see Tom Serra's influence. This City, not just the people who are around now, but for generations not even born, owe a debt to Tom Serra that we can never repay. Never. Thank you is not enough, but that is all we can do, Thank you for sharing him with us.

The Chair calls on Councilwoman Mary Bartolotta.

Councilwoman Bartolotta states that she truly appreciated Tom's mentoring, honesty, kindness, leadership, friendship, and the strength to always do the right thing. Tom Serra was very much a gentleman and she appreciates everything that he taught her and everything that he represented. She recognizes that it has been said, but thanks to the Serra family for sharing Tom with us. We are all here for the Serra family. We know you are strong -- a strong family -- but we are here, if you need anything.

The Chair calls on Councilman Gerald Daley.

Councilman Daley thanks Maryann, Christopher, and Jason Serra for making Tom so proud, as we are all certain he is, for being here tonight and handling a very difficult task. Tom was always very proud and loving of all his family. Councilman Daley notes that he knew Tom for a long time. He didn't go to high school with Tom as did Councilman Robert Santangelo and Councilman Philip Pessina, but he did know him when he was in high school. He was a little a bit younger than Tom, despite his own white hair. He was in 6th Grade -- 11 or 12 years old -- and he recalls going to City School Field to see Tom Serra play football. Tom was a hero and star even then. He stayed that way thru his life because he put his all into everything that he did. He really didn't get to know Tom directly until 1975 when they started their political careers together. They were both nominated for Common Council that year and both defeated in the primary. Even in recent years, they often talked about the lessons that they learned from that experience of losing in the primary. Tom was always one to think that way: to get up and think about it, what you can do differently to get a better result. That was the way Tom lived. When Tom ran for Mayor in 1993, Councilman Daley states that he was very much involved in Tom's campaign, adding that he was nominated for Common Council and won. Tom brought a bunch of them onto the Council that year. He worked closely with Tom in that campaign and thru Tom's 2-year term as Mayor on a number of projects. Certainly in Tom's time as Mayor and the subsequent 14 years back on the Council, his second tenure on the Council, which Councilman Daley was honored to share with him, Tom has left his mark on the City of Middletown forever. Tom's achievements and performance as an elected official and leader in the community are not the important part of his legacy. Anyone, who knew Tom,

knew that his family first and then his students: these were at the top of his list. His family and his student are his legacy. It is ironic or fitting, but to have this resolution be brought here tonight when we have Mayor for a Day, which Tom was involved in and which got Tom and Vincent Loffredo interested in Middletown government, and the DECA students, which Tom always took great pride in having here with the Council – it is really fitting to have students here to hear the accolades for Tom Serra. He does not think that anything could ever please him so much to have his family, his closest friends, and students here to share this evening. To Maryann Serra and all the family: he feels for them all, recognizing adding that it has left a hole in your lives, but Tom would want you to carry on and he is sure that they will Good luck and God Bless.

The Chair addresses the Serra family. Maryann, Jason and Jill, Chis and Amy, and all the children: So sorry for your loss. Five decades of service to the community and teaching students and imparting wisdom, to sharing one's knowledge and one's moral guidance and moral centering, and to raise and be part of such a wonderful family is really a hallmark of life very well lived. On behalf of a grateful community, we thank you and we extend our deepest condolences. Thank you.

The Chair asks the Council for a five (5) minutes recess.

Councilman Sebastian Giuliano moves for a five (5) minute recess. Councilwoman Mary Bartolotta seconds the motion. There being no discussion, the Chair calls for the vote. The Chair states that the matter passes unanimously by a vote of 10 to 0. The motion is approved.

The recess begins at 8:01 PM and the Chair states that the meeting will resume at 8:06 PM.

MEETING RECONVENES:

The meeting reconvenes, the Chair calling the meeting to order at 8:10 PM.

B. Resolution: honoring Middletown High School DECA Students
APPROVED BY ACCLMATION

RESOLUTION No. 37-19; K: review/ resolution/ CC MHS DECA RES 37-19 – 3 June 2019

WHEREAS, active for over 70 years, DECA is an international organization that prepares emerging leaders for college and professional careers in marketing, finance, hospitality, and management. With an active membership of over 215,000 students worldwide, participating in over 3,500 high school DECA Chapters, Middletown DECA is one of the oldest (40+ years), largest (150+ members), and most successful educational, co-curricular organizations; and

WHEREAS, from April 26 to April 29, 2019, 32 Middletown High School students were among a record-breaking 21,000 student participants from around the globe, who assembled in Orlando, Florida as emerging, young leaders and entrepreneurs at DECA's 67th annual International Career Development Conference; and

WHEREAS, competing for over \$750,000 in scholarships and awards, Middletown's participated in DECA's competitive events program, which is designed to simulate real life business scenarios and test students' problem solving abilities, academic understanding, and overall skills development. In addition, this conference afforded these students the unique opportunity of participating in leadership academies and networking opportunities with more than 70 international businesses; and

WHEREAS, facing a fierce challenge with some 200 competitors in each category, Middletown students excelled by earning 21 international medals and two 3rd place medals, more than twice the number of all other Connecticut participating schools combined. Middleton students helped Connecticut garner 10 "Top 20" finishes of which 7 were earned by Middletown students. In addition, the Middletown High DECA Chapter was honored for excellence with 25 of the school's 28 participants scoring 80% or higher on their competitive exam and/or role play presentations; and

WHEREAS, Middletown's DECA medal winners include the following honors:

- **Samuel Getek** – Restaurant & Food Services Marketing, 3rd place; International 1st Place Medal for role play case presentation;
- **Michael Katz** -- Business Services Marketing, 3rd place
- **Sonya Hadley** – Marketing Communications Top 10 Finalist; two (2) International Medals for written exam & role play case presentation (1st place)
- **Chelsea Hughes** – Top 20 Finalist, Hotel & Lodging Management
- **Rose Romano & Sheryn Albayati** – Top 10 Finalist, Travel & Tourism Team Decision making
- **DaJaun Lomotey & Stephen Hill** -- International 1st Place medal, role play case study presentation
- **Jacob Collyer & John Higgins** – Top 10 Finalist, Marketing Management Team Decision making

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF MIDDLETOWN: On behalf of the people of Middletown, the Common Council salutes Middletown High School's DECA Chapter for empowering our students, helping them grow into young adults, who are college ready and career ready. We honor the 2018-2019 DECA champions and their team advisors for a superlative job on both the State and international stages. These students have worked deliberately and collaboratively in the DECA competitive events program, and have served as ambassadors for their school and for the City. Just as they succeeded at the DECA Conference, we wish them continued personal and professional success as

they embark on their chosen educational and career paths where they will undoubtedly become tomorrow's leaders.

Fiscal Impact: None

The chair calls on Councilwoman Deborah Kleckowski for to read this resolution

Councilwoman Kleckowski first explains for the benefit of those, who don't know, that for the past 10 years, Councilman Thomas Serra and she co-sponsored this resolution. It means a lot more this year, not being her. She knows that students have heard the accolade and his teachings. She hopes that Tom's message takes hold in their hearts and that they bring forward service to the community, as Mrs. Serra recounted. Addressing Mrs. Serra, Councilwoman Kleckowski anecdotally recounts that only two (2) people have ever called her Deborah: her mother and Tom. Councilwoman Kleckowski reads the resolution in its entirety.

Councilwoman Kleckowski congratulates each and every student. This is a big deal and we are so honored. She explains that it was important to Councilman Serra to stand before the students and honor them for all their hard work. They understand how hard they worked, the sacrifices they made. They are so proud that they will go forward in whatever they do, representing themselves, the community, and Middletown High.

Councilwoman Kleckowski states that, before presenting the plaque to Mr. Reynolds, a parent would like to address the Council

The Chair asks that, first, the resolution be moved for approval.

Councilwoman Kleckowski moves to approve the resolution. Councilwoman Linda Salafia seconds the motion.

The Chair states that, without objection, the resolution is approved by acclamation.

Councilwoman Kleckowski invites Ina Simmons to the podium.

Ina Simmons (66 Fieldbrook Road): She is a parent of two (2) students, who have participated in DECA. It gave them confidence and life skills and helped them choose their career paths to achieve their hopes and dreams. The skills they acquired will serve them throughout their lives. They have learned how to dress and how to conduct themselves professionally. They have learned presentation skills, how to think on their feet, and communication skills, all of which have broad applications in life. Having a background in Human Resources, she knows that these skills are critical to succeed in college, to obtain employment, and to thrive in the workplace. She and her husband appreciate that these skills have been taught to their children. They also appreciate the Council's support for this exceptional program. Education is more than knowledge, facts, and figures. The students have learned to apply these skills. DECA provides these opportunities in a very supportive environment. Middletown High School is extremely blessed to have

three (3) wonderful DECA teachers: Mr. Reynolds, Miss Sheehan, and Mr., Schwartzman. They are the hearts and soul of the program. They teach, advise, and mentor their students and do so extremely well. She expresses gratitude for to Mr. Reynolds, the DECA advisor, noting that, without his leadership and guidance, the program would not be what it is. He is a man of honor and integrity and is wonderful role model. He has the respect and admiration of students and parents alike. It is not just a job to him. He truly cares. He works tirelessly with the students on all aspects of the program. He is an inspiring teacher and mentor, who is extremely dedicated to his students and who goes the extra mile to enable them to succeed. The number of trophies and medal won by Middletown High School students at the State and international competition attests to the outstanding quality of this exceptional program. She notes that Middletown High School is considered the team to beat at the State competition, which speaks volumes. Mr. Reynolds creates a positive environment in which he challenges students to go beyond their comfort zone, enabling them to learn and grow. Mr. Reynolds goes beyond himself, beyond what is expected or required. She thanks Mr. Reynolds for all he does, both seen and unseen, planning, organizing, and coordinating all of the opportunities that these students are given to practice their skills. Mr. Reynolds has made a huge difference in students' lives and she thanks him for his dedication, commitment, outstanding leadership, and mentoring these children. She thanks hams for being there, a blessing for each child every day.

Councilwoman Kleckowski states that, with great pride, she presents this resolution honoring all of the students to Mr. Reynolds to be proudly displayed.

Mr. Reynolds recounts that Mrs. Serra said that you play with the hand you are dealt. He notes that he is playing with a handful of blessings. The first was Councilman Thomas J. Serra, who was a huge supporter of DECA. Another blessing is Councilwoman Deborah Kleckowski, who has been supporting the kids for at least 30 years now, helping with role plays and presentations. Mayor Drew has also been a big supported, coming to mock competitions, and helping with the kids. Everyone on the Council has been a blessing. He has with him Mr. Ottowitz, the founder of DECA, one of the first marketing education programs in the State and his mentor. One Councilmember mentioned mentorship. Mr. Reynolds states that we would not all be here tonight without Mr. Ottowitz, not only starting the program, but mentoring Mr., Reynolds and thousands of kids. Another blessing is all of the parents of these wonderful students. The best blessing, of course, is the students, with whom he works every day. He notes that a few of the students would like to say a few words.

Michael Katz: He competed for Middletown High School in DECA both at the State and international competitions. They traveled to Florida and, while some came back with trophies or glass, they all returned with an unforgettable experience. It was extremely competitive international completion, but they came back with the most trophies in the State and the most Middletown DECA trophies in recent memory. One-quarter of the Middletown participating students won International Top 10. Everyone put in hours of work. He thanks their advisors for helping them and creating a positive environment, which allowed them to perform so well at competition. They did well because other help, but also because DECA is more than a club; it's family. They help one another succeed and make it to the next level.

Elisa Gamble: DECA is more than completion; it is also community service. They have several events throughout the year. They volunteer every Fall at Lyman Orchard and help people thru corn maze. The second annual event is a walk for JDRF One Walk, donating time to help find a cure for juvenile diabetes. The third event is a Halloween Party at the Elks Club. They decorate and dress up in Halloween costumes and play with the kids to be sure that they have a good time and are safe. They attend several of the Chamber of Commerce breakfasts and interact with local businesses. They also run the school store at Middletown High, selling snacks and beverages. One her personal favorite events this year was the Leadership Conference held in the fall at the University of New Haven. They were divided into two (2) groups with other DECA students from across the State. They were given a product to sell to judges. She enjoyed that because she learned about other DECA students and the programs at their respective schools. Overall Middleton DECA had a phenomenal year in the classroom and in competition. She thanks all of the DECA advisors for an amazing year and the Council for its continued support.

Rich Beaumont: He thanks Mr. Reynolds. He has a unique story, having been involved longer than any other student in Middletown: three (3) years. Everyone says that this makes no sense since the program is only open to juniors and seniors. He was allowed to join as a sophomore because he asked. When he first got to Middletown High, he didn't care about his grades or his homework. He was concerned about setting up his future, so he ran directly, asking to enter DECA a little earlier. Mr. Reynolds said, "Yes," and he is so thankful for that opportunity. The first day he started in DECA, he was given a case study and it was awful. From what he learned in his first year of DECA in Berlin to today, he has grown from a child to an adult. He loves his DECA family and his favorite teacher. There is one quote that has stood out in his mind since he was little, something his Dad told him: "The worst thing in life is a waste of talent." In DECA, he found that this is his talent. He was determined to win first place, but the first year, that didn't happen. The first two years, it didn't happen. Finally, senior year came along. He didn't feel the best, but he had a spark in him to be on stage. This is the moment he worked for and, gladly, he can now say that he won 1st place. It was all due to one person, who helped him not waste his talent; to him and to his Dad, the two people , who mean the most to him out of DECA, the ones who threw him out and pushed him forward to learn how to do it, no matter what. He thanks Mr. Reynolds and his Dad for not letting him waste his talent.

David Reynolds: (DECA Advisor, Middletown High School) He is a proud Middletown resident. He loves living here and working here. He thanks the Council for its support.

The Chair state stat there are some members of the Council, who would like to speak. The Chair invites all of the DECA students to the podium to hear the Council. The Chair calls on Councilman Eugene Nocera.

Councilman Nocera recalls when he was Principal of Woodrow Wilson School and his daughter was involved in changing the curriculum, changing it to be more project-based, especially in the industrial arts. Sodom after, Dave Reynolds joined the staff when Mr. Ottowitz retired. It provided us with a leader, who has a vision and who advocates for the students. He thanks Mr. Reynolds for that. He explains that, in project learning, the magnitude of learning when done right. He notes that it is done right in Middletown, adding that we see an example of that in our Vocational Educational Program, where students are involved in real life experiences, which prepare them for the world they are about to enter. It takes vision. We have heard a lot of accolades about your teachers, who deserve it. He congratulates the students, noting that they are our shining stars.

The Chair tells the students how proud they all are of them, It has been a great honor to attend the mock competitions over the past eight *8) years, He is continually impressed with this program, to sit as a judge. He tried to stump them, but they all did so well. He wishes them continued success. This program is a shining example of the integration education and practical skills, all of the subjects coming together in a multidisciplinary way. They are proud of the students and their teachers. He wishes them continued success and congratulations for good work.

The Chair addresses the Mayor for a Day students, saying that, if they have parent, they can leave and should not feel that must stay, if they are ready to go. It is up to the students and their families. They are welcome to stay for the entire meeting as is his own daughter.

8. Public Hearing on Agenda Items – Opens

The Chair opens the public hearing at 8:32 PM, inviting members of the public to speak on agenda items. He asks that they state their name and address for the record and limit comments to five (5) minutes.

C. All other agenda items

Larry McHugh (87 Oleander Drive): He is a resident and President of the Middlesex Chamber of Commerce. Before addressing Item 13G, he thanks everyone for recognizing Tom Serra tonight. He explains that he delivered Tom's eulogy, noting that there is no one better. The remarks tonight were outstanding. He is proud of the Council and of Tom's family. He states that he is also very proud of the DECA students, who come to the Chamber breakfast every month. He speaks to Item 13G. NRG is

looking to replace 1950's era equipment with a new, modern, quick start, clean electrical generation unit. The Chamber Board has voted unanimously to support it. This new unit will produce more electricity than the two (2) older units combined. For the environmental community it will decrease air emissions and the amount of cooling water going into the Connecticut River. The NRG investment \$280M will add over \$195M to the City's Grand List. The construction period will last to 2023 and, during this time, NRG will employ about 250 construction workers, which is good for the region. NRG has done a project labor agreement with the Hartford/ New Britain Building & Construction Trades Council and most of those jobs will be that. This project is good for Middletown, its long-term tax base, and stabilizes and improves the tax base in Middletown for the next 25 years. This is good for Connecticut because it replaces older electrical units with new, energy efficient, and environmentally cleaner units. It is great for local business and labor, adding a three (3) year construction project. He urges this Council to approve this, noting that it is a very important project.

Deborah Shapiro (55 Clover Street): She is a resident and is speaking this evening in her capacity as the municipal historian and Chair of the Middle Passage Ceremony and Port Marker Committee. As the Council knows, 2019 marks the 400th anniversary of when the first Africans came to these shores as slaves, having survived the harrowing Middle Passage. She knows that most Councilmembers have been to the Historical Society to see the exhibit, *A Vanished Port: Middletown in the Caribbean: 1750 to 1824*, and know that Middletown's first fortune was made in the West Indies sugar and slave trade. UNESCO, the United Nations Educational, Scientific, and Cultural Organization, is making the 400th anniversary with the *Site of Memory Project*. In this country, it is being called *The Middle Passage Ceremony and Port Marker Project*. Last Fall, she filled out the paperwork to have Middletown named as a *Site of Memory*. While most of the enslaved people, who came to Middletown, came from the Caribbean, several ships are documented as having come to Middletown's harbor directly from Africa. The Committee is putting together a ceremony, which will be held on Saturday, September 28th at 10 AM. She urges the Councilmembers to mark their calendars. Part of the ceremony will be unveiling a plaque, which will have information about the Site of memory and the specifics about Middletown's role in the African slave trade. The marker will acknowledge and honor the enclosed people, who helped build our community. She is speaking in favor of the appropriation to pay for this marker.

Richard Carella, Esq. (Updike, Kelly, Spellacy): He is appearing tonight representing NRG and he is speaking to support Item 13G, the tax agreement. As Larry McHugh mentioned, NRG operates the generation facilities on River Road, south of Kleen Energy. It is seeking to replace 53 MWh of 1950's era equipment with a new, 375 MWh start-clean electrical unit. This single unit will replace units 2 and 3 and produce more electricity than the two older units combined while decreasing air emissions and reducing the amount of cooling water going into the Connecticut River. Their investment will exceed \$280M and will add \$195M to the City's Grand List. The viability of this project depends on NRG clearing in a competitive auction, which occurs every February, the ISO New England Forward Capacity Auction. If successful in that auction, it will still have to go to the DEEP and the Connecticut Siting Council. The construction period would run for three (3) years thru 2023. The new unit would come on line as the two older units are retired. During that time, NRG would employ over 250 construction-related jobs. As part of this tax agreement, the City and NRG have agreed to project labor agreement with the Greater Hartford/New Britain Construction Trades Council. This agreement will allow the City and NRG to anticipate the fixed level of taxes to be paid over 25 years, taking not account different evaluation of existing electrical facility combined with the new electrical equipment and other aspects like tax exempt status of pollution control equipment and end of life. This is not a tax abatement; rather, it is a stabilization agreement over a long period of time, taking into account the actual projected tax liability over time as determined by the City. He thanks the City Tax Assessor's Office and the City Attorney's Office for working closely with him over the last few months and for coming up with the actual numbers. He urges the Council to support this item.

Brian McCabe (NRG): He is a Director in the NRG Development Group, responsible for the Middletown Repowering Project. He highlights the project, explaining that it is time to retire units 2 and 3, circa 1958 and 1964 technology, and replace them with new units. They have a 375 MWh proposed project with a single unit. Dual fuel, quick-start, much quicker than the existing units, which take about 12 hours to start, noting that these are units 2 and 3. The new unit will start in about 10 minutes. There are environmental upgrades to the new project. The first is from an air emissions standpoint. Technology from 1958 and 1964 compared to state of the art technology yields air emissions benefits with this project. In addition, the new project will not require the once thru cooling used for units 2 and 3 so it will be a much lower impact on the Connecticut River as they will use well after for the new project. The project has a proposed operation date of June 2023. They were hoping that the project would be ready for June 2022, but they did not clear the last competitive auction last February. They are planning to take this project with the tax stabilization agreement to the next auction. There is comfort and security internally among their senior management knowing that they have this 25 year tax base, making one of their most expensive line items a known entity. They are working with their lenders, who will ultimately finance the project much simpler. They have submitted their permit application to DEEP. They will move forward with an application to the Connecticut Siting Council, which will most likely occur right after they clear at auction. They do not expect to be before the Connecticut Siting Council with a new project until they clear that competitive auction. He tanks the City for its continued support.

Carl Rodenhizer (Columbus House staff): He asks for support of Item 13D, which is Community Development Block Grant (CDBG) funding. Part of that package is funding for the warming center that Columbus House operates during the winter months. This past winter they served over 250 people, and as many as 45 people on the coldest nights. They average 30 people per night. The dollars that they

asking for approval as part of CDBG allows them to staff the place with at least 2 staff people from the month of November thru April. These are critical dollars to keep this opportunity so that, when there is no room at the shelters, there is another option, a place where people can get out of the cold between 9 PM and 7AM. He asks the Council to support this funding.

There being no further discussion, the Chair closes the public hearing at 8:45 PM

- A. Approving that, in accordance with the Middletown Code of Ordinances, West Street Bridge be named to honor Captain Joseph Pagano. (NOTE: Per Section 22-23 of the Code of Ordinances, 1st public hearing was held on May 6, 2019; Resolution to be considered as Item 13A, below).**

MEMORANDUM

TO: His Honor, Mayor Daniel T. Drew and
Members of the Common Council

FROM: Finance Department

DATE: May 22, 2019

RE: Certification of Funds

This is to certify that funds sufficient to meet the appropriations requested at your meeting on June 3, 2019 are available as follows:

General Fund	\$4,844.33
--------------	------------

Respectfully submitted,

Carl Erlacher
Director of Finance &
Revenue Services

A. Tax Assessor: \$744.33 – Acct. No. 1000-10000-51215; appropriation to cover shortage for cost of clerical assistance to Board of Assessment Appeals
DEFEATED

Councilman Grady Faulkner reads the appropriation request and moves for approval. Councilman Philip Pessina seconds the motion.

The Chair calls on Councilman Gerald Daley

Councilman Daley explains that at the Finance & Government Operations Committee meeting the Committee declined to support this appropriation request after discussion with the Director of Finance and Deputy Assessor because, during the month of June, at the end of June, there will be a clearer picture on whether or not funds can be transferred internally within the department and a more accurate number as far as the shortage that might exist as to this particular item. He urges his colleagues to vote “no” on this appropriation request because, in all likelihood, there will be an internal transfer or another appropriation request next month.

There being no further discussion, the Chair calls for the vote. The Chair states that the matter is defeated unanimously by a vote of zero (0) aye votes and 10 nay votes. The appropriation fails

Re: **The City of Middletown 2018-2019 Employment Activity – 3rd Quarter Report**

Attached is the 2018-2019 third quarter recruitment activity report for the City of Middletown for your review and approval. For the third quarter, a total of eight new people were hired: one Black Male, two White Females, and five White Males. Job opportunities for this quarter came under the following categories: EEO1-Officials/Administrator, EEO2-Professional, EEO-3 Technicians, EEO4-Protective Services, EEO-6 Administrative Support, and EEO8-Service Maintenance. Hiring occurred in the following departments: Fire, Police, Finance, Central Communications, Recreation and Community Services, Planning, Conservation and Development, and Board of Education. Of the new hires, the City achieved two of its set goals: one Black Male and one White Female in the EEO-2 Professional category. In addition, of all the new hires 38 % or three of the eight were from the protected class, one Black Male and two White Females.

During the third quarter, a total of seven employees were promoted. Of the promotions, the City achieved three of its set goals: one Black Male in EEO4-Protective Services, one Hispanic Female in EEO6-Administrative Support, and one Black Male in EEO8-Service Maintenance. In addition, of those promoted, 43% or three were from the protected class, two Black Males and one Hispanic Female. Once again, even though the City does not hire and or promote a large number of employees, it continues to demonstrate its good faith efforts to strive to hire and promote a diverse workforce as demonstrated in this quarterly report.

If you have any questions or would like further explanation of this report, please call me at extension 4830. Thank you.

June 3, 2019

Mayor Daniel T. Drew
Members of the Common Council

Ladies and Gentlemen:

In compliance with Section 12-165 of the Connecticut General Statutes, I hereby submit a list of Personal Property and Motor Vehicle tax bills which I deemed to be uncollectible at the present time and request your approval to transfer these items to our Suspend Tax Book as of June 1, 2019.

Motor vehicles submitted for suspense are presently not registered in Middletown. All suspense items are also entered into our automated file system. The file is used to cross reference motor vehicle tax bills and all delinquent motor vehicle tax accounts.

This file is a valuable tool in the collection of all delinquent motor vehicle taxes. From July 1, 2018 to May 31, 2019, we have collected more than \$35,700 in suspense items and more than \$455,000.00 in the past fourteen years.

Motor Vehicle Taxes	\$175,929.08
Personal Property Taxes	\$24,961.94
Supplemental Motor Vehicle Taxes	<u>\$28,767.74</u>
	\$229,658.26

If these suspense items are approved, I would appreciate being informed, in writing, of such action as a matter of record.

Very truly yours,

Lee Renee Muscatello, CCMC
Tax Collector

- F. ORDINANCE: Amending City of Middletown Code of Ordinances Section 1-19 (“Changes in Adopted Ordinances”) to correct scrivener’s errors and to add additional language to paragraph B (16).
- SENT BACK TO COMMITTEE/FAILED
- ORDINANCE NO: 06-19; K: submit / ordinance/ GCC Sec 1-19 revisions ORD 06-19 – 3 June 2019

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF MIDDLETOWN: That Chapter I General Provisions Section 1-19 of the Middletown Code of ordinances be amended as follows for purposes of correcting scrivener’s errors and to add additional language in paragraph B(16) below:

Chapter 1. General Provision

* * *

Article II. Adoption of Code

* * *

§ 1-19. Changes in adopted ordinances.

A. In compiling and preparing the ordinances for publication as the Code of the City of Middletown, no changes in the meaning or intent of such ordinances have been made, except as provided for in Subsections B and C hereof. Certain grammatical changes and other minor nonsubstantive changes were made in one or more of said pieces of legislation and shall be made as needed for all legislation adopted by the Common Council. It is the intention of the Common Council that all such changes be adopted as part of the Code as if the ordinances had been previously formally amended to read as such.

B. The following changes are made throughout the Code:

- (1) References to specific chapters and sections of the Connecticut General Statutes are revised to reflect numbering of the statutes as of the publication of this Code.
- (2) References to the "Finance and Budget Committee" are amended to "Finance and Government Operations Commission."
- (3) References to the "Finance Director" are amended to "Director of Finance."
- (4) References to the "Zoning Enforcement Officer" are amended to "Zoning/Wetlands Officer."
- (5) References to the "Building Inspector" are amended to "Assistant Building Official" and references to the "Chief Building Inspector" are amended to "Chief Building Official."
- (6) References to the "Superintendent of Fire Alarms" are amended to "Superintendent of Alarms."
- ~~(7)~~ References to the "Park and Recreation Commission" are amended to "Parks and Recreation Commission" [WK1]
- ~~(8)~~ (7) References to the "City Clerk," "Town Clerk," "Town and City Clerk" and "Town/City Clerk" are amended to "City/Town Clerk."
- ~~(9)~~ (8) References to the "City Attorney" are amended to "General Counsel."
- ~~(10)~~ (9) References to the "Deputy City Attorney" are amended to "Deputy General Counsel."
- ~~(11)~~ (10) References to the "Personnel Director" or "Director of Personnel" are amended to "Director of Human Resources."
- ~~(11)~~ References to "Parks and Recreation Department" and "Department of Parks and Recreation" are amended to "Recreation and Community Services Department." [WK2]
- ~~(12)~~ References to "Public Works Commission" are amended to "Public Works and Facilities Commission."
- ~~(12)~~ (13) References to "Director of Parks and Recreation," "Parks and Recreation Director," "Director of Senior Services," and "Senior Services Director" are amended to "Director of Recreation and Community Services."
- ~~(13)~~ (14) References to the "Director of Human Relations" and "Human Relations Director," are amended to the "Director of Equal Opportunity and Diversity Management."
- ~~(15)~~ References to the "Human Relations Office" or "Office of Human Relations" are amended to the "Office of Equal Opportunity and Diversity Management."
- ~~(14)~~ (16) References to the "Recreation and Community Services Commission" to the "Recreation and Senior Services Commission." [WK3]

C. In addition, the amendments and/or additions as set forth in Schedule A attached hereto and made a part hereof are made herewith, to become effective upon the effective date of this ordinance. (Chapter and section number references are to the ordinances as they have been renumbered and appear in the Code.)^[1]

[1] Editor's Note: In accordance with § 1-19C, the chapters, parts and sections which were added, amended, adopted or deleted by this ordinance are indicated throughout the Code by a footnote referring to Chapter 1, General Provisions, Article II. During routine supplementation, footnotes indicating amendments, additions or deletions will be replaced with the following history: "Amended (added, deleted) 1-6-2003 by Ord. No. 01-03." Schedule A, which contains a complete description of all changes, is on file in the City offices.

Councilman Robert Santangelo reads the proposed ordinance amendment and moves to approve. Councilwoman Mary Bartolotta seconds the motion.

The Chair calls on Councilman Sebastian Giuliano.

Councilman Giuliano moves to refer this item back to the General Counsel Commission and, if there is a second, he will speak to it. Councilwoman Deborah Kleckowski seconds the motions.

Councilman Giuliano state that what the Council has is a blanket amendment to the Code of ordinance, who is going to be sent to a vendor – a printing company and a web publishing company -- who will make the actual changes. What is troubling is that these vendors will make changes without regard to context. It is almost like telling a word processing program to substitute a word, so that every place it finds a word, it substitutes another word. It does not matter whether or not it fits the content. It just happens. The Council's job, as legislations, is to do this ourselves, to review these changes and do them ourselves. In full disclosure, we need to do some work, but that's what we do.

The Chair reiterates that Councilman Giuliano has moved to refer this matter back to the General Counsel Commission.

There being no discussion, the Chair calls for the vote on the Giuliano motion. The Chair states that the vote is unanimous with a vote of 10 to 0. The motion is approved by a vote of 10 to 0.

- G. Approving a tax repayment agreement among the City of Middletown, Middletown Power, and Middletown Repowering, subject to execution by the Mayor, following review and approval as to content and form by the General Counsel.

APPROVED

RESOLUTION NO: 42-19; K: review/ resolution/ PCD NRG tax agreement RES 42-19–3 June 2019

**PROPERTY TAX PAYMENT AGREEMENT BETWEEN
THE CITY OF MIDDLETOWN,
MIDDLETOWN POWER LLC AND NRG MIDDLETOWN REPOWERING LLC**

This PROPERTY TAX PAYMENT AGREEMENT ("**Agreement**") is made and entered into as of _____, 2019 (the "Effective Date") by and between the CITY OF MIDDLETOWN, a Connecticut municipality (the "**City**"), and MIDDLETOWN POWER LLC ("**Middletown Power**") and NRG MIDDLETOWN REPOWERING LLC ("**Middletown Repowering**") both Delaware limited liability companies with offices located at 804 Carnegie Center, Princeton, New Jersey 08540. The City, Middletown Power and Middletown Repowering are sometimes referred to herein collectively as the "**Parties**."

WITNESSETH

WHEREAS, Middletown Power owns 63.5 acres of real property located in the City at 1866 River Road, Middletown, CT 06457 (the "**Site**");

WHEREAS, Middletown Power owns existing real and personal property comprised of three steam electric generating units and one combustion turbine unit consisting of Middletown Unit 2, Middletown Unit 3, Middletown Unit 4 and Middletown Unit 10 owned by Middletown Power and associated appurtenances with a total capacity of 762 megawatts of energy (the "**Existing Facility**") on the Site;

WHEREAS, Middletown Repowering is developing and will own and operate an approximately 375 megawatt dual-fuel combustion turbine power Unit 5 (the "**Repowering Project**") located at the Site;

WHEREAS, no later than the Commercial Operation Date of the Repowering Project, the existing Middletown Unit 2 and Middletown Unit 3 steam electric generating units will be retired;

WHEREAS, due to the changing nature of the electric industry, electric generation has become highly competitive and the valuation of generating facilities will be subject to a number of variables, many of which cannot be predicted at this time;

WHEREAS, the present use of the property generates tax revenues of the City;

WHEREAS, the Repowering Project will assist in preserving and potentially expanding the employment opportunities and the tax base of the City;

WHEREAS, the Parties wish to fix the amount and allocate the payment of such tax liability during the Term in a manner consistent with the provisions of Connecticut General Statutes Chapter 585, including C.G.S. §§32-71, 32-71a, 32-71b, as may be amended from time to time, and all other requirements of law, as to both real and personal property of such electric generating facility both during and after the construction period,

WHEREAS, the Parties agree that the tax liability fixed and reflected in Schedule A pursuant to this Agreement represents an approximation of the projected tax liability as to both the real and personal property of such electric generation facility based on a reasonable estimation of its fair market value as determined by the City upon the exercise of its best efforts;

WHEREAS, the City, Middletown Power and Middletown Repowering desire certainty and stability in the amount of real and personal property taxes that will be payable by Middletown Power and Middletown Repowering and collected by the City, in order (i) for Middletown Power and Middletown Repowering to stabilize expenses; and (ii) for the City to stabilize tax revenues and facilitate long range planning;

WHEREAS, to attain such certainty and stability and to avoid disputes as to the valuation of the property, it is necessary for the City, Middletown Power and Middletown Repowering to enter into this Agreement;

WHEREAS, the City, Middletown Power and Middletown Repowering have engaged in extensive discussions and negotiations regarding the Existing Facility and the Repowering Project and the terms of this Agreement; and

WHEREAS, there is currently pending legislation before the Connecticut General Assembly, bearing the proposed bill number SB 527; and

WHEREAS, Middletown Repowering intends to participate in the ISO New England, Inc. (the "**ISO-NE**") Forward Capacity Auction 14 scheduled on or around February 3, 2020 for the Repowering Project (the "**ISO-NE Auction**"); and

WHEREAS, if the Repowering Project clears in the ISO-NE Auction it is anticipated that the Repowering Project would be constructed over a period of three (3) years, concluding on the Commercial Operation Date for Unit 5, which will coincide with the retirement of Units 2 and 3 (the "**Construction Period**"); and

WHEREAS, upon commencement of the Commercial Operation of Unit 5 it is anticipated that Unit 5 will continue commercial operations for a period of twenty-five (25) or more years, unless such Unit 5 ceases operation beforehand (the "**Operations Period**"); and

WHEREAS, the City has approved entering into this Agreement by vote of the Common Council of the City.

NOW, THEREFORE, in consideration of the mutual covenants, agreements, obligations and undertakings provided for herein, the City, Middletown Power and Middletown Repowering agree as follows:

Section 1. Definitions.

Capitalized terms used in this Agreement shall have the meanings set forth below:

"Actual Property Cost" means the actual cost of the taxable property comprising the Repowering Project as of the Commercial Operation Date of the Repowering Project.

"After-Acquired Property" means machinery, equipment and other property acquired after the Commercial Operation Date for Unit 5 resulting in a net increase of at least 10% on a cumulative basis in the nominal capacity of the Repowering Project above 375 megawatts. After-Acquired Property shall not include machinery, equipment or other property acquired after the Commercial Operation Date for Unit 5 which are (a) in the nature of replacement machinery, equipment or other property, (b) involve repair or maintenance of machinery, equipment or the real property, (c) increase the Repowering Project's efficiency, or (d) acquired to meet the requirements of applicable laws, codes, ordinances or regulations.

"CGS" means the Connecticut General Statutes, revision of 1958, as amended from time to time.

"Commercial Operation" mean the status of the Repowering Project once it has commenced generating electricity for sale, excluding electricity generated during Trial Operation, as is defined in the ISO-NE tariff Schedule 22, Large Generator Interconnection Procedures.

"Commercial Operation Date" means the date that the Repowering Project has commenced generating electricity for sale, excluding electricity generated during Trial Operation, as is defined in the ISO-NE tariff Schedule 22, Large Generator Interconnection Procedures.

"Estimated Property Cost" means the estimated cost of the taxable property comprising the Repowering Project as of the date the Repowering Project commences commercial operation. The Estimated Property Cost as of the date of execution of this Agreement is \$196,943,403.

"Property" means all existing and future site improvements, buildings, structures and fixtures, the equipment, machinery, and other personal property, and any and all other property, real, personal or mixed, of whatever nature, whether presently existing or acquired during the Term, arising from, related to, or used directly or indirectly in the current production of electricity, and the future operation or maintenance or improvement of the Repowering Project, including all real estate or land or rights therein or other property located within the City but not located on the land on which the Repowering Project is sited, used for bringing water to or from the Repowering Project, connecting the Repowering Project to wastewater mains, making electrical interconnections for the Repowering Project (including bringing electricity to the Repowering Project and interconnecting with electric transmission and distribution systems) and connecting the Repowering Project to a natural gas supply, oil supply and/or alternative supply system, all to the extent owned by Middletown Power and Middletown Repowering. The term "Property" specifically excludes third parties, including contractors, subcontractors, and agents of Middletown Power or Middletown Repowering.

"Property Cost Correction" shall have the meaning given in Section 15.

"Property Taxes" shall have the meaning given in Section 5.

"Scheduled Tax Payment" means the Tax Payment due as set forth in Schedule A to this Agreement.

"State" means the State of Connecticut.

"Tax Payment Date" means July 1.

"Taxes" or "Tax Payments" means the amount(s) payable by Middletown Power and Middletown Repowering pursuant to this Agreement.

"Tax Year" means a period commencing on July 1 and ending on the following June 30.

"Term" means the period commencing on the Effective Date and ending twenty-five (25) years after the first Tax Payment Date following the Commercial Operation Date. Such date may be extended to a later date by mutual agreement of the Parties hereto in accordance with Section 17 hereof, in which case this Agreement will terminate on such later date.

Section 2. Term; Termination.

This Agreement shall be effective starting on the Effective Date and ending at the end of the Term of the Agreement as defined in Section 1 above.

a. If SB 527 or a similar bill fails to pass in the 2019 Legislative Term, and the Parties don't amend the agreement as provided for in Section 4, then this Agreement will terminate by June 30, 2020.

b. At any time before the Commercial Operation Date of the Repowering Project, either Middletown Power or Middletown Repowering may elect to terminate this Agreement by providing notice of termination to the City. The Parties agree that this Agreement, insofar as it relates to the fixing of assessments on the Property, shall terminate upon such notice.

c. The City may elect to terminate this Agreement by providing written notice of termination to Middletown Power or Middletown Repowering if Middletown Repowering does not clear ISO New England's Forward Capacity Auction 15 in February 2021.

d. Effects of Termination. Any unpaid portion of the Property Tax payments set forth in Schedule A that would be payable for that Tax Year shall be immediately due and payable in full. Under no circumstances shall the City seek to collect any taxes which would have been due but for this Agreement for any time before and including the Tax Year in which the notice of termination is provided and the City specifically waives its right to do so. After termination of this Agreement, Middletown Power and Middletown Repowering agree that the City may tax the Property in accordance with its normal and customary procedures and Middletown Power and Middletown Repowering may appeal the property assessment to the Middletown Board of Assessment Appeals as provided by statute and may claim any exemptions from such tax, including, but not limited to, exemptions for air pollution control property.

Section 3. Payments

a. Prior to the Operations Period of the Repowering Project, commencing on the first October following the Effective Date and on each Tax Payment Date thereafter until the Tax Payment Date of the Grand List year in which Commercial Operations commence for the Repowering Project, the value of the Property will be assessed in such an amount so that Middletown Power and Middletown Repowering shall pay to the City \$1,780,000 annually, with no taxes being assessed or paid on account of any partial construction or construction materials located on the Property, subject to the City's statutorily mandated revaluation in 2021 which shall not alter the terms set forth in this Agreement.

b. Upon commencement of the Operation Period of the Repowering Project, the tax assessment of the Property, Existing Units and Repowering Project shall be combined such that the level of taxes payable by Middletown Power and Middletown Repowering throughout the Term of this Agreement will be assessed pursuant to Schedule A.

c. The payments due under Schedule A shall be increased beyond October 1, 2028 should Unit 4 continue in operation, in an additional tax amount of \$250,000 annually in total for both City and

South Fire District taxes until such time as Unit 4 may retire and cease operating.

Section 4. Agreement to Amend if SB 527 Fails to Become Law

In the event SB 527, or similar legislation allowing for the combination of real estate, and existing and new electric generating facilities to be combined under a single tax stabilization agreement, fails to become law prior to September 30, 2019, the Parties shall negotiate and amend this Agreement prior to February 3, 2020, subject to Common Council approval, which will include the following substantive terms:

a. A stable level of taxation that remains constant through the Construction and Operation Period for the new Unit 5 providing as closely as possible the same economic value to the Parties for the real and personal property which comprises the Repowering Project, as allowed by current law.

b. The term shall be twenty-five (25) years commencing on the date which is the next Tax Payment Date of the Grand List year in which Commercial Operations of the Repowering Project commence.

The portion of the Property and all personal property associated with the operations of the Existing Units shall not specifically be subject to the amended agreement, unless otherwise allowed by law, and the Parties shall retain all rights in accordance with the normal and customary taxing procedures of the City, including Middletown Power's rights to appeal assessment upon that portion of the Property and all personal property associated with the operations of the Existing Units, but only to the extent the amended agreement and customary taxing process in combination no longer result in the same economic value as if the Parties had entered into a tax stabilization agreement for the both the new unit and existing units.

Section 5. Fixed Taxes.

The Parties hereto agree that the Taxes payable under Section 3 hereof represent any and all real and personal property taxes with respect to the Property that may be due during or with respect to the Term pursuant to CGS Chapter 204 (including property set in the assessment list of the City pursuant to CGS Sections 12-64 and 12-71 or any successor provisions collectively, "Property Taxes"), represent the sole payments to be made by Middletown Power and Middletown Repowering with respect to such Property Taxes, and shall be accepted by the City in full satisfaction of such Property Taxes. Consequently, any and all Property Taxes that would be due and payable but for this Agreement, including, but not limited to, Property Taxes that may be due the City based on any computation method other than that set forth herein, are hereby fixed as, and conclusively deemed to equal, the amounts referred to in Section 3 hereof, and under no circumstances shall any additional Property Taxes regarding the Property be due or payable by Middletown Repower or Middletown Repowering in respect of or during the Term.

Section 6. Adjustments for Material Change in Taxing Structure.

The Parties hereto agree that this Agreement is predicated on the assumption that real and personal property taxes are assessed by and paid to the municipality in a manner that is consistent with current law, and that the State's system of property taxes is not replaced by a substitute system of taxes (whether property or otherwise) that materially increases or diminishes the receipts a municipality derives from property taxes or that a taxpayer pays in respect of property taxes. In recognition of the foregoing, if the current system of property taxation is materially modified by law, the Parties agree to negotiate in good faith to modify this Agreement in a manner that preserves the respective economic positions of both the City and Middletown Power and Middletown Repowering to the maximum extent possible. For purposes of this Section 6, any increases or decreases in real or personal property tax valuation or increases or decreases in the rate of any tax shall not, in and of itself, constitute a material modification of the current system of property taxation. In the event any of the provisions of this Agreement, insofar as it relates to the establishment/fixing of assessments on the Property, are invalidated or declared null and void for any reason including, but not limited to, a change of law, then the Parties agree that (i) beginning with the Grand List of the year in which the provision is declared invalid by a court of competent jurisdiction, the Property shall be taxed in accordance with the normal and customary taxing procedures of the City, and Middletown Power or Middletown Repowering may contest such assessment and will pay property tax in accordance with applicable law; (ii) during the period of any dispute over the validity of any provisions of this Agreement until the entry of a judgment by a court of competent jurisdiction, the Parties agree that this Agreement will remain in full force and effect, and Middletown Power and Middletown Repowering shall pay the Property Taxes set forth in this Agreement; and (iii) despite the invalidation of this Agreement by a court of competent jurisdiction, the City agrees, in consideration of the benefits the City has received under this Agreement, to defer any assessment, abate any tax and waive the right to collect any tax in excess of the Property Taxes set forth in this Agreement for any and all years preceding the first Tax Year following the date on which the provision is declared invalid by a court of competent jurisdiction. Under no circumstances shall Middletown Power or Middletown Repowering be subject to double payment, nor shall the City be uncompensated for any tax period under this Agreement.

Section 7. Taxes Following Term of This Agreement

Commencing on the expiration of the Term, the Property shall be assessed in the manner required by applicable law and Property Taxes shall be calculated and be due and payable as provided by applicable law. If such expiration or termination occurs on a date other than the first day of a Tax Year, the Property Taxes for that portion of that Tax Year remaining after expiration or termination shall be calculated as set forth in this Section and shall be prorated for that portion of the Tax Year commencing on the day following such expiration or termination and ending on the last day of that Tax Year. Such prorated tax shall be reduced by any amounts paid under this Agreement prior to the date of termination for the Tax Year in which the termination occurs. All Tax Payments made during the Term shall be deemed final and the City waives any right to any Property Taxes that would have been due

prior to such expiration or termination but for this Agreement and Middletown Power and Middletown Repowering waive any right to a refund of any Taxes that would not have been due prior to such expiration or termination but for this Agreement.

Section 8. Additions or Improvements to the Taxable Property.

Middletown Repowering shall promptly report to the City the date of any increase in the Repowering Project nominal capacity due to the acquisition of After-Acquired Property. Middletown Repowering's failure to provide such report shall not be deemed an act of default unless Middletown Repowering fails to provide said report within thirty (30) days of receipt of written notice from the City that such report has not been timely received. The Taxes described in Schedule A shall not be affected unless and until the nominal capacity of the Repowering Project has been increased by at least 10% above 375 megawatts. Any adjustments to the Taxes shall be undertaken in accordance with Section 14 hereof.

Section 9. Destruction, Demolition, Decommissioning of Repowering Project.

If the Repowering Project is partially destroyed, partially demolished or partially decommissioned (which shall include retirement or deactivation) during the Term, Middletown Repowering shall promptly notify the City of the date of any decrease in the amount of active capacity due to such destruction, demolition and/or decommissioning. The Taxes described in Schedule A shall not be affected unless and until the capacity of the Repowering Project has been decreased by at least 10% below 375 megawatts nominal capacity. If the Repowering Project is destroyed or demolished to the extent that it cannot practicably be operated or if the Repowering Project is fully decommissioned, this Agreement will be null and void and Property Taxes will be due and payable in accordance with applicable law. Any adjustments to the Taxes shall be undertaken in accordance with Section 14 hereof. The parties agree and understand that the Agreement contemplates, and calculates taxes based on, the possibility of one or more units of the Existing Facility being decommissioned. Any demolition, removal, or decommissioning of the Existing Facility will not reduce or eliminate any payments due under this Agreement while this Agreement is in effect.

Section 10. Billing and Payment.

All Taxes payable by Middletown Power and Middletown Repowering to the City under this Agreement shall be due and payable in full on the dates listed in the "Final Due" column of Schedule A hereto.

Section 11. Late Payments.

If Middletown Power and Middletown Repowering fail to make a Scheduled Tax Payment hereunder on or before the first day of the month next succeeding the month in which it became due and payable, the whole or such part of such payment as is unpaid shall thereupon be delinquent and shall be subject to interest from the due date of such delinquent payment at the rate of 18% per annum, as set forth in CGS Section 12-146, or as same shall be amended from time to time.

Section 12. No Additional Tax Benefits.

Except for adjustments that may be required pursuant to Sections 8 or 9 of this Agreement, Middletown Power and Middletown Repowering agree that they will not pursue any adjustments, exemptions or tax abatements to the Property Taxes that are the subject of this Agreement unless permitted herein. Nothing in this Section shall prohibit Middletown Power or Middletown Repowering from seeking additional tax relief and rebates from the state, federal or other governmental authorities other than the City, provided that no such relief shall reduce the amounts payable by Middletown Power and Middletown Repowering to the City under this Agreement. The City will reasonably cooperate with Middletown Power and Middletown Repowering in applying for state, federal or other programs providing tax assistance to electricity generators in the State of Connecticut.

Section 13. Limitation of Audits, Inspection of Records and Declarations.

a. In lieu of any and all personal property tax declarations or similar forms that Middletown Power and Middletown Repowering might otherwise be required to file under CGS § 12-40 or 12-41, Middletown Power and Middletown Repowering shall do the following: On or before November 1, 2023, Middletown Power and Middletown Repowering shall provide to the City a schedule showing the Actual Property Cost as of October 1, 2023. Thereafter, and for the remainder of the Term of this agreement, Middletown Power and Middletown Repowering will provide the City, annually on or before November 1st of each year, a schedule of additions and deletions to the Actual Property Cost for the preceding twelve month period, October 1st through September 30th. The schedule of additions and deletions to be provided under this subsection is for informational purposes only and would not otherwise change the Scheduled Tax Payments shown on Schedule A, except as otherwise expressly provided herein. Consistent with the foregoing, Middletown Power and Middletown Repowering shall not be subject to, and the City hereby waives, (a) any assessment penalties that might otherwise be imposed pursuant to CGS §12-41(d) on account of Middletown Power's or Middletown Repowering's failure to file personal property declarations, and (b) the City's right to audit or otherwise inspect or make copies of any of the books or records of Middletown Power relating to the Property and/or Middletown Power's and/or Middletown Repowering's operations on the Property pursuant to CGS §12-53 during the Term of this Agreement. In the absence of an agreement extending the Term, Middletown Power and Middletown Repowering shall file a personal property tax declaration for the October 1, 2041 Grand List pursuant to the then-applicable requirements of law or, if this Agreement is extended beyond the Term, for such later Grand List applicable to the Taxes due upon termination of this Agreement as extended.

b. At any time after the City's receipt of the Actual Property Cost but before November 1, 2023, the City shall be entitled to audit the books and records of Middletown Power and Middletown Repowering relating to the Property in order to confirm the Actual Property Cost. Any and all

information learned by the City in connection with any such audit shall be kept confidential by the City to the maximum extent permitted by law.

Section 14. Remedies for Additions, and Improvements, or Partial Destruction, Demolition, or Decommissioning of Repowering Project.

If (a) in accordance with Section 8 of this Agreement, Middletown Repowering reports to the City that, due to the acquisition of After-Acquired Property, the nominal capacity of the Repowering Project has increased by at least 10%, or (b) in accordance with Section 9 of this Agreement, Middletown Repowering reports to the City that, due to the Repowering Project being partially destroyed, partially demolished or partially decommissioned, the nominal capacity of the Repowering Project has decreased by at least 10%, then (c) Middletown Power and Middletown Repowering and the City agree to negotiate in good faith to modify the Agreement's prospective Scheduled Tax Payments commencing as of the Tax Year immediately following such event.

Section 15. Remedies for Over or Under Estimation of Estimated Property Cost

If, pursuant to Section 13b. of this Agreement, the Actual Property Cost is more than 105% or less than 95% of the Estimated Property Cost (each a "**Property Cost Correction**"), then Middletown Power and Middletown Repowering and the City shall revise the prospective Scheduled Tax Payments set forth in Schedule A to this Agreement on an absolute percentage point basis to the extent the Property Cost Correction exceeds 5 percentage points--i.e., the number of percentage points of the Property Cost Correction over 5 percentage points shall result in a corresponding percentage point increase or decrease in such Scheduled Tax Payments.

For example, if the Actual Property Cost results in an amount that is 7% more than the Estimated Property Cost, then the Scheduled Tax Payments will be increased by 2% (7% minus 5%). Alternatively, if the Actual Property Cost results in an amount that is 7% less than the Estimated Property Cost, then the Scheduled Tax Payments will be reduced by 2% (7% minus 5%).

Section 16. Remedies for Nonpayment of Taxes.

The Parties hereto acknowledge and agree that Taxes due by Middletown Power and Middletown Repowering to the City hereunder constitute taxes for purposes of CGS Chapter 204 (except to the extent such Taxes are modified as to amount and timing pursuant to the terms hereof) and that all rights and remedies available to the City under applicable law (including, without limitation, CGS Chapters 204 and 205) with respect to nonpayment of taxes shall continue to be applicable as they apply to the payment and collection of amounts due as Taxes as set forth in this Agreement, except to the extent that such provisions are expressly modified herein. Middletown Power's and Middletown Repowering's obligations hereunder are limited to any and all assets owned by Middletown Power and Middletown Repowering or its successors or assigns during the term of this Agreement, and the City agrees to look only to such assets in satisfying any obligations under this Agreement, and not to any member, manager, or general or limited partner in Middletown Power and Middletown Repowering or any of its or their Affiliates.

Section 17. Renewals and Extensions.

Prior to the expiration of the Term hereof, either party may request an extension of the Term hereof on such terms as may be mutually agreeable, including the amount of Taxes due during each year of the extension term, if permitted under applicable law. If the Parties agree to extend the Term and such extension is permitted by law, the Parties shall execute a written amendment hereto setting forth the duration of and Taxes payable during the extension of the Term.

Section 18. Contractor Labor Requirements.

For the Repowering Project, Middletown Repowering agrees to include provisions in its Engineering, Procurement, and Construction ("EPC") contract whereby the EPC contractor will be obligated to enter into a project labor agreement during the construction period, in consultation with the Greater Hartford-New Britain Building and Construction Trades Council. During the construction period, such EPC contractor will also agree to targets for hiring Middletown residents and utilizing small and minority business enterprises.

Section 19. Entire Understanding.

This Agreement reflects the entire understanding of the Parties hereto and supersedes all previous verbal or written agreements or understandings between the Parties regarding the subject matter hereof.

Section 20. Notices.

All notices required or permitted under the terms of this Agreement shall be in writing and may be delivered by hand, overnight courier, or registered or certified mail (return receipt requested). Notices shall be deemed given (and effective) when received. Notices shall be sent to the following addresses:

Either party may designate a different notice address and/or additional recipients of notices by giving written notice as set forth above.

Section 21. Amendments; Waivers.

No modification or amendment of this Agreement shall be valid or effective unless expressly set forth in an agreement in writing signed on behalf of each party hereto. If and to the extent the provisions of any modification or amendment shall be unenforceable or void under law, such unenforceable or void provisions shall be disregarded and this Agreement shall otherwise remain in full force and effect. No waiver, consent or discharge (other than discharge by reason of performance) shall be effective unless set forth in an instrument in writing executed by or on behalf of the party against whom enforcement of such waiver, consent or discharge is sought.

Section 22. Assignment.

This Agreement shall be assignable by Middletown Power and/or Middletown Repowering without the City's consent (i) in connection with any construction or term loan financing for the Property and/or (ii) in connection with the sale or other transfer of either the legal or beneficial ownership of the Property to any entity in which Middletown Power and/or Middletown Repowering has, directly or indirectly, a majority ownership interest and/or (iii) in connection with the sale or other transfer of ownership of Middletown Power and/or Middletown Repowering provided that Middletown Power and/or Middletown Repowering retains ownership or control of the Property and remains obligated under the provisions of this Agreement. Any other assignment of this Agreement shall be made only with the written consent of the City, which shall not be unreasonably withheld or delayed. If an assignment of this Agreement that requires City consent, but occurs without the written consent of the City, such assignment shall be null and void.

In the event Middletown Power and/or Middletown Repowering, or a subsequent owner of the Property, assigns this Agreement to the purchaser of its fee interest in the Property, the party making the assignment shall be relieved from liability for the payment and performance of its obligations hereunder which arise after such assignment so long as the assignee shall agree in a written instrument which is in form and substance reasonably acceptable to the City to assume the obligation to make the Tax Payments and perform the other obligations of Middletown Power and Middletown Repowering under this Agreement which arise after such assignment. In connection with any assignment of this Agreement or in order to facilitate the obtaining of financing or refinancing for the Property, the City shall execute such consents, estoppel certificates, agreements and similar documents as Middletown Power and/or Middletown Repowering shall reasonably request.

Section 23. Successors and Assigns.

This Agreement shall be binding upon and shall inure to the benefit of the Parties hereto and their respective successors and assigns. Middletown Power's and Middletown Repowering's obligations hereunder are solely its obligations and no affiliate of Middletown Power or Middletown Repowering, and no member, officer, director, manager, agent or other representative of Middletown Power or Middletown Repowering, shall have any liability for the performance of its obligations hereunder. This Agreement shall not confer any rights or remedies upon any third party beneficiaries or person other than the Parties and their respective successors and assigns, other than rights and remedies in connection with the payment of the Property Tax.

Section 24. Severability.

The Parties hereto have entered into this Agreement in good faith on the basis of applicable Connecticut law. Each party hereto, including its successors and assigns, agrees not to challenge the validity of this Agreement or its enforceability against the other party. If the validity or enforceability of this Agreement or any portion hereof is challenged by any third party, both Parties hereto agree to defend the validity and enforceability of this Agreement, with each party bearing the costs of its own attorney and both Parties bearing equally the costs of any related investigation or litigation. If a non-material term of this Agreement shall be deemed to be illegal or unenforceable pursuant to a final, non-appealable judgment by a court having competent jurisdiction over the Parties, the remainder of this Agreement shall remain in full force and effect as if such portion had not been included in this Agreement. If a material term of this Agreement is declared illegal or unenforceable by a final non-appealable judgment of a court of competent jurisdiction, the Parties agree to an adjustment of the Taxes pursuant to Schedule A hereunder such that neither the City nor Middletown Power nor

Middletown Repowering is disadvantaged by entering into this Agreement, taking into account the time value of money as reasonably agreed by both Parties.

Section 25. Captions.

The Section headings or captions appearing in this Agreement are for convenience only, are not a part of this Agreement, and are not to be considered in interpreting this Agreement.

Section 26. Governing Law and Venue. Jury Trial Waiver

This Agreement shall be governed by and construed under the laws of the State of Connecticut without giving effect to any choice of law provision or rule (whether of the State of Connecticut or any other jurisdiction) that would cause the application of the law of any jurisdiction other than the State of Connecticut. In the event of any dispute between the Parties, the Parties agree that venue shall lie only in the State and Federal courts located in Hartford County, Connecticut. Service of process may be made in any matter recognized by such courts. Each of the Parties waives its right to any jury trial with respect to any litigation arising under or in connection with this Agreement.

Councilman Gerald Daley reads the resolution and moves to approve. Councilman Philip Pessina seconds the motion.

The Chair calls on Councilman Gerald Daley.

Councilman Daley states that he will not repeat all that was said by Larry McHugh, Attorney Cretella, and Brain McCabe said to explain to this project. He notes that it was unanimously recommended by both the Economic Development Committee and Finance & Government Operations Committee. It is project that is good for the environment, good for the economy. It will create several hundred construction jobs in the short term. It will replace outdated, inefficient, and environmentally less desirable equipment with new, up-to-date, and modern equipment. In the process, it will provide increased tax revenues and an expanded Grand List for the City. He emphasizes that it is not a tax abatement, but a tax stabilization agreement. He commends City Attorney Big Smith and Tax Assessor Damon Braasch for many hours of work on this with NRG and Attorney Carella. He notes that City Tax Assessor determined what the assessed value is and what taxes we should realize over its term. He notes that this is a proposal that allows the City to have a steady stream of revenue rather than having declining revenue, which depreciates. This levels the revenues out. It is really a unique provision for utilities that exist under the Connecticut General Statutes. This makes great sense so he urges his colleagues to support it.

The Chair calls on Councilwoman Mary Bartolotta.

Councilwoman Bartolotta asks that General Counsel, Attorney Ryan explain for the record the resolution language “subject to execution by the mayor, following review and approval as to content and form by the general counsel.” She asks that he explain exactly what this means.

Attorney Ryan states that it means what it says: following a review and approval as to content of the agreement and form of the agreement by the General Counsel’s Office.

Councilwoman Bartolotta asks if that means anything, suggesting that the Mayor might speak to this.

The Chair replies that the City has been working with NRG for a long time on this. He notes that he is not sure why there is any confusion about this as this is how they do most of these agreements, adding that this is a standard procedure for the City. It is standard language that is used all of the time. What it means, essentially, is that we negotiate the terms of whatever particular matter we are working on. Those terms are presented to the Council in the form being discussed tonight. He notes that 99 percent of the time, it is in the form of a resolution. The General Counsel’s Office completes the internal contracting documents, which are boiler plate documents, which we require the vast majority of our vendors to use, what we call our standard contract. The terms of the agreement that s negotiation and subsequently approved by Council are plugged into that document. He notes that we do this on everything, noting that his is not the first time that his type of language has been before the Council. It has been happening this way, the procedure was revised somewhere around early 2013 and it has been done that way ever since.

Councilwoman Bartolotta replies that there is no confusion; rather, there were questions from the public as to what this means and she thought it best explained by the Mayor and the Attorney.\. Especially since it is such a large project for the City.

The Chair states that, because NRG has agreed to a project labor agreement that requires local hiring, the vast majority of the money being spent on this project will go back into the local economy \

rather than the company hiring construction workers from another region. It is a very good for our local economy and for our local construction workers.

There being no further discussion, the Chair calls for the vote. The Chair states that the vote is unanimous with a vote of 10 to 0. The motion is approved by a vote of 10 to 0.
